

How to Create an e-Card with Graphic

1. Choose your image (e-cards are linked below).

2. Save the image to your computer by right clicking the art and selecting "save image as" (Note: saving it to Google Drive will not work for this task).
3. Open a new email.
4. Drag and drop the picture from your computer to the desired position in the email.

5. Or, position the cursor where you want the image to appear, click on the picture icon, select Insert Photo > Inline, choose your photo and select Insert.
6. Type your message.
7. Look good? Press Send!
