

Clinical Ethics Intensive

The Clinical Ethics Intensive (CEI) offers high-intensity training on practical aspects of clinical ethics for Ethics Committee members who are or will be involved with clinical ethics consultation at CommonSpirit Health ministries. The CEI reviews skills and tools for ethics consultants to use in clinical ethics consults. Participants then have opportunities to use those skills and tools in five immersive role play sessions that simulate clinical ethics consults. Since the focus is on role play and the practice of clinical ethics, **participants should be Ethics Committee leaders, ethics consultants, or anyone who might do an ethics consult** with patients, families, and clinicians, especially at the end of life

The CEI is entirely virtual through Zoom. There are multiple breaks throughout the time in order to facilitate virtual learning. The role play sessions are done in small groups in virtual breakout rooms. Each small group has an ethicist or experienced ethics consultant to provide real-time feedback and support to participants.

Day 1

- 8PT/11ET – 2PT/5ET
- Goal – provide analytical skills and tools to use when doing ethics consults, and opportunities to use them in role-play ethics consults

Day 2

- 8PT/11ET – 2PT/5ET
- Goal - provide ethics mediation and conflict negotiation skills and tools, and opportunities to use them in role-play ethics consults

Participants who attend all of Days 1 and 2 are eligible for **7.5 hours of CME and CNE** credits. Participants are required to listen to at least **six EthicsLab Essentials podcast episodes** before Day 1. This provides a common baseline of information for all participants and additional CME, for a total of 10.5 hours. EthicsLab Essentials is available on any podcast platform or here www.missiononline.net/ethics/eecmain. The six episodes are:

Do Not Resuscitate Orders	Informed Consent
Beyond Capacity	Brain Death
Goals of Care	Any other podcast of your choosing

Role play consults are done in Zoom breakout rooms. For the role play session to be realistic, and to allow for constructive feedback from the coaches, **each participant needs their own computer/device and camera**. For technology questions, or to register for an upcoming CEI, email Russell.Keithline@commonspirit.org.
